

REGIONAL EMPLOYMENT EXCHANGE
Model Career Centre, Panaji
4th floor, Shram Shakti Bhavan, Patto Plaza, Panaji - Goa

Report

Regional Employment Exchange, Model Career Centre Panaji had organised an Orientation Session on the topic “Career Guidance in Robotics and Engineering” for the students of Damodar Higher Secondary School, Gudi Paroda on 27th April 2022. The Session was delivered by Resource Person Ms. Sunaya Shirodkar.

The speaker informed the students that Robotics engineers can work for private robot manufacturers or companies that regularly use robots. Most hiring opportunities lie in the automotive industry, building robots for vehicle assembly lines, but the electronic and food packaging industries also hire robotic engineers. Others include working for space or military programs. Colleges, universities or trade and vocational schools may also hire robotics engineers to teach classes.

She further explained that there are multiple options for robotic engineers who want to evolve in their careers. For example, they can advance to management positions and become directors of automation or robotics managers. They can also start a robotics consulting firm or even sell robots.

The speaker also gave the students a brief idea regarding opportunities available in the field of Robotics and Engineering. Ms. Sunaya explained the kind of work that goes into the positions like Robotics Design Engineer, Robotics Programmer, Robotics Test Engineer, Robotics System Engineer, Product Design Engineer etc. available in Robotics and AI industry.

Shri. Dattaraj R. Naik, Assistant Employment Officer has coordinated the event.

Glimpses of Orientation Session held on 27th April 2022
