

REGIONAL EMPLOYMENT EXCHANGE
Model Career Centre, Panaji
4th floor, Shram Shakti Bhavan, Patto Plaza, Panaji - Goa

Report

Regional Employment Exchange, Model Career Centre Panaji had organised an Orientation Session on the topic “Career Prospects in Robotics and Artificial Intelligence” for the students of Government Polytechnic Curchorem on 29th April 2022. The Session was delivered by eminent speaker Dr. Raghavendra Naik, Assistant Professor, Goa Engineering College.

The speaker introduced the topic giving the students a brief idea regarding opportunities available in the field of Robotics and AI. He explained the work of robotics engineer, who are mainly responsible for developing, designing, application and operation of the robots and robotics system.

The speaker further informed the kind of work that goes into the positions like Robotics Design Engineer, Robotics Programmer, Robotics Test Engineer, Robotics System Engineer, Product Design Engineer, etc. available in Robotics and AI industry.

Further, the speaker also told students that learning Robotics can fetch jobs in both Government as well as Private sectors to design the robotics system. In addition, engineers can opt for technical based jobs in various automation companies. Robotics Engineering can form a base for getting into academic section, they can become a professor in top Colleges and Universities, where they can use their knowledge and expertise to educate students about the Robotics and Artificial Intelligence.

Shri. Dattaraj R. Naik, Assistant Employment Officer has coordinated the event.

Glimpses of Orientation Session held on 29th April 2022
