## Report

Regional Employment Exchange, Model Career Centre Panaji had organised an Orientation Session on 'Opportunities for Research in Earth Sciences' for the students of Geology in Government College of Arts, Science & Commerce Sanquelim - Goa on 27<sup>th</sup> April 2022.

The valuable & motivated session was delivered by eminent speaker Dr. Ranadhir Mukhopadhyay, Former Director of Mauritius Oceanography Institute.

The speakers started the session by interacting with the students so as to learn their interests. He shared a personal example as to how he was interested in the Subject followed by explaining the significance of Earth (Geo) Sciences. He further added how the focus of all studies should be to create a balance in nature and the point of our jobs should be to conserve the environment. Dr. Ranadhir highlighted areas where a Geologist can be employed and emphasised on how it need not be just Geology related.

Dr. Mukhopadhyay enlightened the students about the science in our everyday life thus enlisting the various positions and areas for them to take up research on in their careers. The speaker ended the session with concluding note that for flourishing in the research industry one needs to focus on the multidisciplinary approach.

Ms. Tanvi Dsouza, Assistant Employment Officer has coordinated the event.
